NORTH FONDY ORIOLES TAKE

Any success an athletic team enjoys is due, primarily, to the individuals that are on that team. Each season a football team develops its own character based on the contributions of the players that compose it.

Seniors on the squad have a great deal of influence in establishing this team character both during the season and in the off season preceeding it.

The individuals pictured here have contributed, each in his own way, a great deal to this team's character and to the fact that the 1972 fighting Orioles are champs.

Neil R. Kohn, Head Football Coach

Randy Meyers displays the three-point stance.

The Orioles' "Johnny on the spot."

Mark Lefeber's heads-up play kept the Orioles on their toes.

Tom Beaster–Flyway Conference Terror

In the 1973 Flayaway Meet—

Terry Cruz shattered track records in the long jump and 880, and the Orioles shaved more than 2 seconds off the record set last spirng in the 880 yd. relay in 1:34. In spite of these performances, North Fondy, who held 1st place in '72, was dethroned by the Campbellsport Cougars.

IMPROVEMENT MARKS HARRIER SEASON

This year's Cross Bountry squad showed improvemtn over last year's team. Although the Harriers had their troubles in Conference running, they did a good job in the Plymouth Invitational and at the Regionals where the team placed 5th and 10th respectively. Randy Gorske, alias "Wottle," led the Orioles all year long. The NF Harriers will continue to improve if Coach Janzen can continue to generate interest in the team.

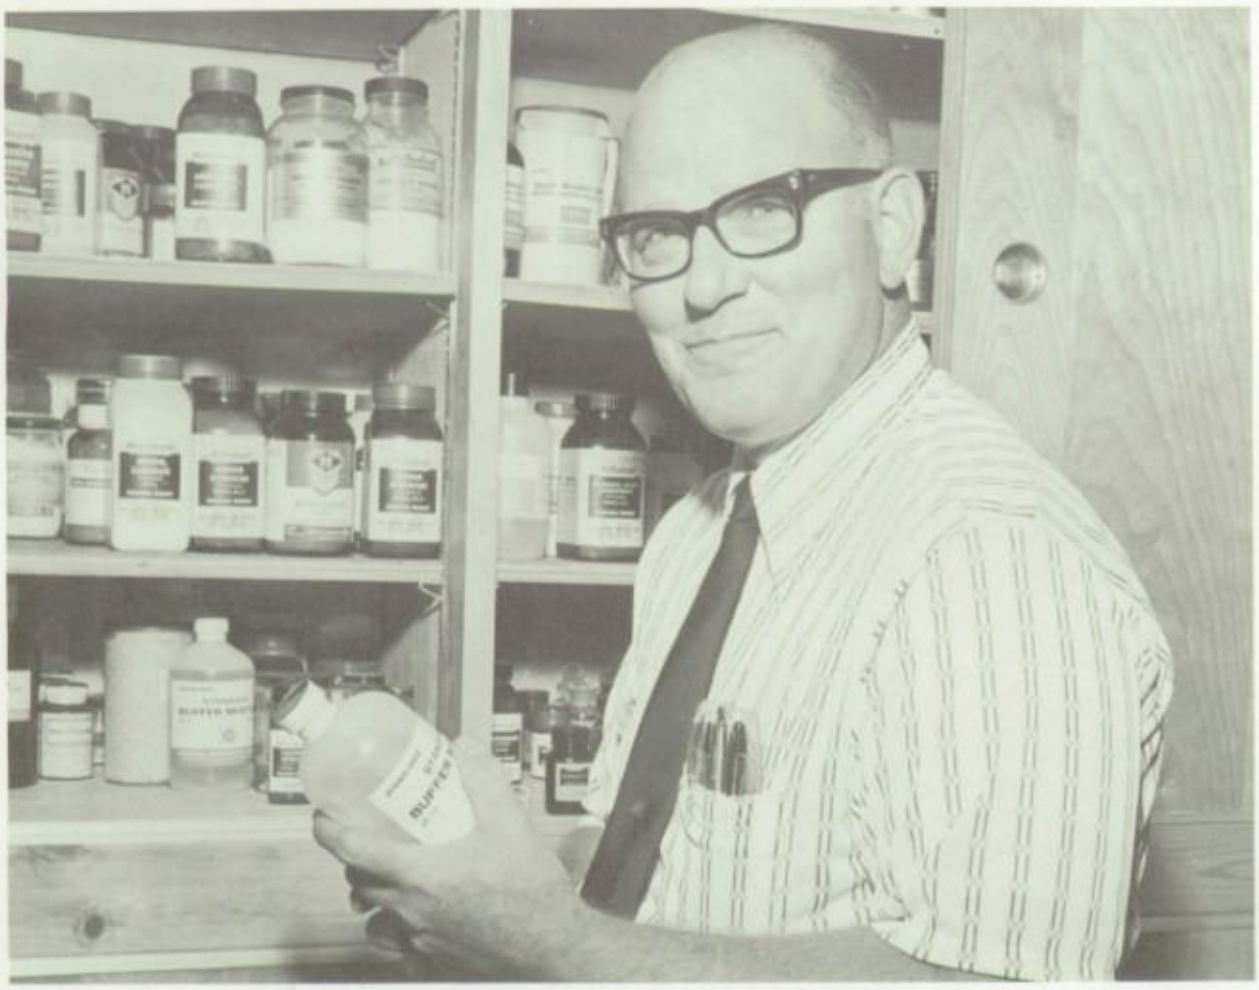
Pictured above is an air track, a new piece of equipment in the high school this year.

Experimenting with the apparatus are Mr. Totos, Mrs. McAuly, and Mr. Manley, who represent the Horace Mann Science and Math Departments. A new addition in the Science curriculum is Introductory Physical Science 2, which gives students an opportunity for additional studies in this area. Independent studies, another innovation, allows Seniors a chance to research topics of their choice. In Mathematics, Consumer Math began this year to refresh Consumer Education students in basic Math principles. This knowledge is then applied to solving consumer problems.



Mr. Totos has all the right ingredients for an active Chemistry class.

SPIRIT With a BEAT

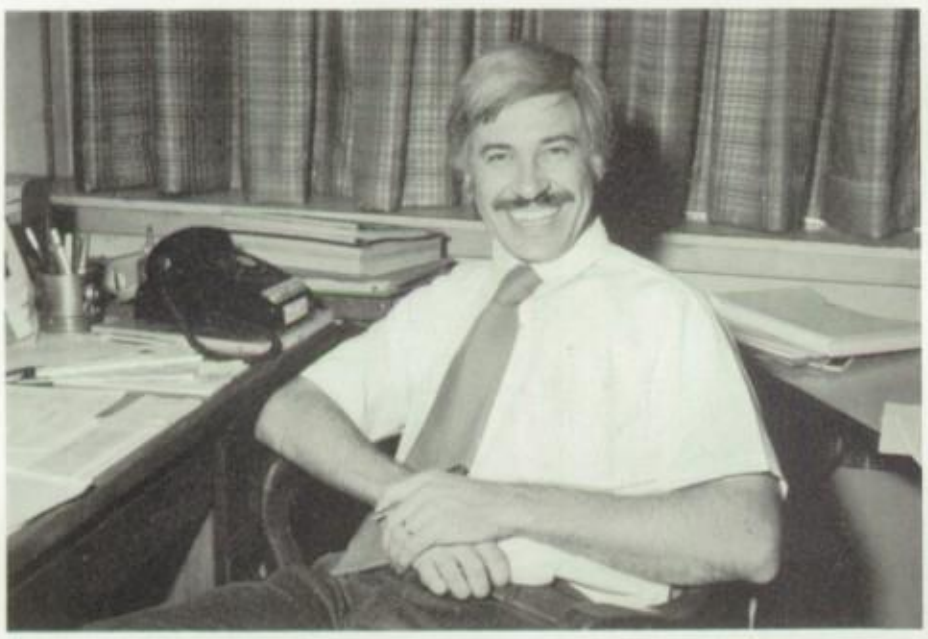
Mmmm . . . Let me see too!

What am I gonna do after High School?

Beyond the Classroom

We were all thankful for an extension of our normal studies with new audio-visual materials made available in the library. A set of job interview cassettes provided us with a chance to consider various careers. Mr. Kellogg then provided us with additional guidance in helping us to decide, What am I going to do after High School?

Students boost their grades by using their library.



"I don't like this class anymore, Mr. Kellogg!"

Mrs. Wolff and just a few of the books available in our library.

The new aquarium provdes hours of interest and adds a fresh approach to learning.

Decorating the tree brings the spirit of Christmas into the classroom.

A Learning Experience

Teaching special education today requires the use of new aspects in the learning field. An example of a new technique here at Horace Mann is the aquarium. Students also have access to a chess board and other interest providing equipment.

Mr. Leipert finds teaching Special Education a challenging and rewarding experience.

SERVICE With a SMILE

Mr. Ray Lindvall, a native of North Fond du Lac, is the new head of maintenance for the school district. Bright new faces in the kitchen include Mrs. Meinke and Mrs. Gierach. Preparing the school for the next day is the job of Mr. Halvor Johnson who is in charge of night-time custodial work.

Mrs. Gierach, Mrs. Riskey, & Mrs. Meinke can't believe they ate the WHOLE thing!

Mrs. Olson: "3,000 copies–Are you sure?"

Mr. Vanderboom, Mr. Lindvall, and Mr. Lange take a breather.

"Tell me again about how much fun I'm having," says Mr. Johnson.

Do you need any more help?

Individuals with Spirit

SURE WE'RE "FRESH" BUT WE HAVE AN EXCUSE!
